

Direct Vent Luxury Fireplace Systems

MAJESTIC 

Cameo & Onyx Direct Vent

Nothing invites or delights like the dancing flames of a fire and, in homes today, we've been inspired to include this warmth in our bedrooms and bathrooms as well as our family rooms and studies. Create the beauty of a hearth in your home and you'll enjoy the inspiring warmth of the fire inside.

With up to an incredible 902 square inches of viewing area and up to 34,000 BTU's, the Cameo 500 and 600 and Onyx 500 direct vent fireplaces from Majestic will become the center of your home. Available in a variety of sizes to suit any design requirements, the Cameo 500 and 600 can be customized to suit your personal taste.

Choose from multiple trim options, louver finishes, firebrick choices and even multiple decorative front frames or fire screen doors to create your custom look inspired by your home's décor. Bring the ambient warmth of the fire inside: warm up to a Cameo or Onyx direct vent fireplace from Majestic.

The Cameo direct vent fireplace (DVM)

Give people a place to gather - make fire the focal point of your room again with these luxury fireplace systems from Majestic.

The Onyx direct vent fireplace (DVML)

The Onyx direct vent fireplace (DVML)

500DVH Direct Vent Gas Fireplace

This 21 inch deep direct vent fireplace will make a big impact in any room with a selection of designer facings and optional Tavern Brown or Cottage Red firebrick. A standard ceramic glass front offers a large 731 square inch viewing area and its 85% efficiency rating from CSA makes it an ideal heat source. With a Limited Lifetime Warranty and deluxe illustrated control panel, the 500DVH from Majestic combines simple operation with design sophistication.

FIRE, AND MORE, AT YOUR FINGERTIPS!

SIGNATURE COMMAND™ SYSTEM REMOTE CONTROL.

No other system offers so many available features as the Signature Command™ System, now available on all DVM, DVML and DVH fireplace models. Now, from one hand held, battery controlled remote you can light the pilot and control three step flame adjustment without getting up from your couch. Add on the optional A/C module and even more features are at your fingertips. Enjoy A/C functionality with battery back up, adjust the blower speed, and add up to two additional appliances to the 120 volt auxiliary ports. This allows you to control ceiling fans, waterfalls, room lights, or whatever appliances you choose, from the same remote control.

500DVH Direct Vent Gas Fireplace
